

**INDEPENDENT AUDITOR'S REPORT**

**TO THE MEMBERS OF**

**PENINSULA INVESTMENTS MANAGEMENT COMPANY LIMITED**

**Report on the audit of Standalone Ind AS Financial Statements**

We have audited the accompanying standalone Ind AS financial statements of **PENINSULA INVESTMENTS MANAGEMENT COMPANY LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2020, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the **Companies Act, 2013** ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its Losses and cash flows for the year ended on that date.

**Basis for opinion**

We conducted our audit in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key audit matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the Company as it is an unlisted company.

### **Other Matter**

Due to the COVID-19 related lockdown, we were unable to verify physically supporting documents related to Income/Expenditure/Purchase or Sale of Fixed Asset. However we have obtained and verified the softcopies on sample basis, and have obtained sufficient appropriate audit evidence to issue our unmodified opinion on these Standalone Financial Results. Our report is not modified in respect of this matter.

### **Information other than the financial statements and auditors' report thereon**

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for the Standalone Ind AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs(financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors is also responsible for overseeing the Company's financial reporting process.

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

#### **As required by Section 143(3) of the Act, we report that:**

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Amendment Rules, 2017, in our opinion and to the best of our information and according to the explanations given to us:

- a) The Company does not have any pending litigations which would impact its financial position;
- b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
- c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

## ANNEXURE 'B'

### TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of **PENINSULA INVESTMENTS MANAGEMENT COMPANY LIMITED** on the standalone Ind AS financial statements for the year ended 31st March, 2020]

### Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **PEL FINHOLD PRIVATE LIMITED** ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# Peninsula Investment Management Company Limited

## Notes to the standalone financial statements

for the year ended 31 March 2020

(Amount in INR)

### 1. Background

Peninsula Investment Management Company Limited ('the Company') was incorporated on 15 December 2005. The principle objective of the Company is to originate, acquire, manage, monitor and dispose portfolio investments of Venture Capital Fund. The Company is the Investment Manager to PReF Indigo Scheme, a scheme of Peninsula Realty Fund ('Fund') based on an investment management agreement between the Company and Peninsula Trustee Limited ('Trustee Company') dated 13 March 2006 pursuant to amended from time to time.

### 2. Basis of preparation

#### A. Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

#### B. Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest rupees, unless otherwise indicated.

#### C. Current/ Non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- a) Expected to be realised or intended to be sold or consumed in it's normal operating cycle;
- b) Held primarily for the purpose of trading;
- c) Expected to be realised within twelve months after the reporting period; or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

# Peninsula Investment Management Company Limited

## Notes to the standalone financial statements (Continued)

for the year ended 31 March 2020

(Amount in INR)

### 2. Basis of preparation (Continued)

#### C. Current/ Non-current classification (Continued)

A liability is current when:

- a) It is expected to be settled in its normal operating cycle;
- b) It is held primarily for the purpose of trading;
- c) It is due to be settled within twelve months after the reporting period; or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

#### D. Basis of measurement

The statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value

#### E. Use of estimates and judgments

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

#### Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2020 is included in the following notes:

Note 26 – impairment of financial assets

# Peninsula Investment Management Company Limited

## Notes to the standalone financial statements (*Continued*)

for the year ended 31 March 2020

(Amount in INR)

### 2. Basis of preparation (*Continued*)

#### F. Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values for financial instruments.

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. Further information about the assumptions made in measuring fair values is included in the following notes:

Note 26 – financial instruments.

#### Financial instruments

#### Investments and other financial assets

##### Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses is recorded in profit or loss.

# Peninsula Investment Management Company Limited

## Notes to the standalone financial statements (Continued)

for the year ended 31 March 2020

(Amount in INR)

### 2. Basis of preparation (Continued)

#### F. Measurement of fair values (Continued)

##### Financial instruments (Continued)

##### Property, plant and equipment

##### Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

##### Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

##### Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method and is generally recognised in the statement of profit and loss which is as follows:

Class of Fixed Asset	Useful life (years)
Computer Software	3
Computers	3
Office equipment	5
Furniture and fixture	10

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

# Peninsula Investment Management Company Limited

## Notes to the standalone financial statements (*Continued*)

for the year ended 31 March 2020

(Amount in INR)

### 2. Basis of preparation (*Continued*)

#### F. Measurement of fair values (*Continued*)

##### Financial instruments (*Continued*)

##### Property, plant and equipment (*Continued*)

##### Intangible assets

Intangible assets including those acquired by the Company are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

##### Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, is recognised in profit or loss as incurred.

##### Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method, and is included in depreciation and amortisation in Statement of Profit and Loss.

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

##### Impairment of assets

Intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

##### Impairment of non-financial assets

The Company's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

# Peninsula Investment Management Company Limited

## Notes to the standalone financial statements (Continued)

for the year ended 31 March 2020

(Amount in INR)

### 2. Basis of preparation (Continued)

#### F. Measurement of fair values (Continued)

##### Financial instruments (Continued)

##### Property, plant and equipment (Continued)

##### Impairment of non-financial assets (Continued)

In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

##### Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

##### Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Re-measurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

# Peninsula Investment Management Company Limited

## Notes to the standalone financial statements (*Continued*)

for the year ended 31 March 2020

(Amount in INR)

### 2. Basis of preparation (*Continued*)

#### F. Measurement of fair values (*Continued*)

##### Financial instruments (*Continued*)

##### Property, plant and equipment (*Continued*)

##### Provisions (other than for employee benefits)

Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for

##### Revenue

##### Rendering of services

##### *Management fees*

Management fees (net of service tax) are recognised on an accrual basis in accordance with the terms of an investment management agreement between the Company and Trustee Company. The Company has not charged management fees to the fund w.e.f 1 April 2014 vide board resolution dated 19 September 2014.

##### *Dividend income*

Dividend income is recognised in profit or loss on the date on which the Company's right to receive payment is established.

##### *Income from investment*

Income from investment is accounted in accordance with contribution agreement.

##### Income tax

Income tax comprises current and deferred tax. It is recognised in statement of profit or loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income.

##### Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously

# Peninsula Investment Management Company Limited

(Amount in INR)

### 2. Basis of preparation (*Continued*)

#### F. Measurement of fair values (*Continued*)

##### Financial instruments (*Continued*)

##### Revenue (*Continued*)

##### Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

##### Trade receivable and payable

Trade receivable and trade payable are recognised at carrying cost which are considered to be same as their fair values due to their short-term nature.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 *Financial Instruments*, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

##### Going concern and COVID-19 impact

The company does not have any operating revenues as at the year end. Further the company has built up significant reserves which can fund the operation till the company gets new business. Hence the management does not foresee any significant impact on the ability of the company to continue as going concern.

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 in preparing this financial statement. COVID-19 does not have any significant impact on the operations of the company as it does not have any operating revenues, any significant operating expenses, or any employees as at end of year.

### a Terms / rights attached to equity shares

"Class A Shares" means a class of equity shares with face value of Rs. 10 (Rupees Ten) with, (i) the right of one vote per share; (ii) no rights to any dividend or other form of returns from the Company; and (iii) a pari-passu right to all the residual assets of the Fund Manager at the time of liquidation or winding up of the Fund Manager after the dues of all the creditors and preference shares are settled;

"Class C Shares" means a class of equity shares of the Fund Manager with face value of Rs. 10 (Rupees Ten) with (i) no voting rights attached to such shares; (ii) rights as to dividend from the profits of the Company; and (iii) a pari-passu right to all the residual assets of the Fund Manager at the time of liquidation or winding up of the Fund Manager after the dues of all the creditors and preference shares are settled.

### b Terms / rights attached to cumulative compulsorily convertible preference shares (CCPS)

CCPS shall be entitled to cumulative preferential dividend at the rate of 0.01% (Zero Point Zero One percent) per annum, to be paid in cash, in accordance with applicable law. CCPS shall have no voting rights attached to them. CCPS shall rank senior to all the Equity Shares issued by the Company from time to time. Accordingly, the dividend due and amounts payable to the holder of CCPS shall be paid by the Company in priority to all other payments to any other shareholder (including in case of the liquidation of the Company). It is clarified that no other kind of Equity Shares issued by the Company (including Class A Shares or Class B Shares or Class C Shares) would have a right to be repaid the capital or paid any dividend thereon until the payment of the amounts due on the buy back of the CCPS together with all dividends thereon is made. Investor shall have the right, to be exercised at its discretion, to convert the Peninsula CCPS into Class C Shares. Each CCPS shall convert to 1 (One) Class C Share.

## Peninsula Investment Management Company Limited

### Notes to standalone financial statements (Continued)

for the year ended 31 March 2020

(Amount in INR)

#### 23 Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

The board of directors seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position.

The Company monitors capital using a ratio of 'adjusted net debt' to 'adjusted equity'. For this purpose, adjusted net debt is defined as total liabilities, comprising interest-bearing loans and borrowings less cash and cash equivalents.

The Company's adjusted net debt to equity ratio at 31 March 2020 was as follows:

	As at 31 March 2020	As at 31 March 2019
Total liabilities	164,502,883	154,578,346
Less : Cash and cash equivalents	12,042,716	11,663,850
<b>Adjusted net debt</b>	<b>152,460,167</b>	<b>142,914,496</b>
Total equity	24,745,649	36,897,324
Adjusted net debt to adjusted equity ratio	6.16	3.87

#### 24 Employee Benefits

Since there are no employees as at 31 March 2020 and 31 March 2019, disclosure on employee benefits is not provided.

### **25. Operating segments**

#### **Basis for segmentation**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components, and for which discrete financial information is available.

The Company operates in only one business segment viz. fund management to Peninsula Realty Fund and all of its operations are in India. Accordingly, the financial statements are reflective of the information required by IND AS 108 Operating segments.

(Amount in INR)

• The Company has not disclosed the fair values of financial instruments such as trade receivables and trade payables because their carrying amounts are a reasonable approximation of fair value.

### 26 Financial instruments – Fair values and risk management (Continued)

#### B. Measurement of fair values

Valuation techniques and significant unobservable inputs

The following tables show the valuation techniques used in measuring Level 3 fair values, as well as the significant unobservable inputs used

#### Financial instruments measured at fair value

Type	Valuation technique
Non-current investments	This investment relates to investment in units of Peninsula Brookfield India Real Estate Fund. The said investment is valued on the basis of Net asset value. Net asset value is derived by deducting fair value of assets from liabilities of the fund. Such value is used to calculate NAV applicable to each unit in the fund.
Current investments	This investment is related to Mutual fund. The said investment is valued on the basis of Net asset value as informed by the fund.
Other non-current liabilities	This amount payable to Peninsula Land Ltd. Valuation is done based on effective interest rate method over the expected tenure of loan

#### C. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk ; and
- Market risk

##### i. Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations

## Peninsula Investment Management Company Limited

### Notes to standalone financial statements (Continued)

for the year ended 31 March 2020

(Amount in INR)

#### 26 Financial instruments – Fair values and risk management (Continued)

##### C. Financial risk management (Continued)

###### ii. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investment securities. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments.

The carrying amount of following financial assets represents the maximum credit exposure:

###### Trade receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate.

###### Impairment

The ageing of trade receivables that were not impaired was as follows.

	Carrying amount	
	31 March 2020	31 March 2019
Neither past due nor impaired	-	-
Past due 1–30 days	-	-
Past due 31–90 days	-	-
Past due 91–120 days	-	-
	<u>-</u>	<u>-</u>

Management believes that the unimpaired amounts that are past due by more than 60 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk.

Based on management's assessment of the trade receivables, the Company expects to receive/recover all the amounts.

###### Cash and cash equivalents

The Company holds cash and cash equivalents of INR 1,20,42,716 at 31 March 2020 (31 March 2019: INR 1,16,63,850). The cash and cash equivalents are held with bank and financial institution counterparties with good credit ratings.

###### Investment in units of Peninsula Brookfield India Real Estate Fund ("the Fund")

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Based on the management assessment, the Company does not expect significant impact on the repayment of units.

###### Investment in units of Peninsula Realty Fund ("the Fund")

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Company has made investments in the Fund as per SEBI requirement. Company is also acting as Fund manager to the Fund. Based on the management assessment, the Company has made provision on these investment in previous year.

## Peninsula Investment Management Company Limited

### Notes to standalone financial statements (Continued)

for the year ended 31 March 2020

(Amount in INR)

#### 26 Financial instruments – Fair values and risk management (Continued)

##### C. Financial risk management (Continued)

###### iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents. Besides this the Company can call for capital if required.

###### Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

31 March 2020	Carrying amount	Total	Contractual cash flows			
			Within 12 months	1-2 years	2-5 years	More than 5 years
Non-derivative financial liabilities						
Trade payables	539,860	539,860	539,860	-	-	-
31 March 2019	Carrying amount	Total	Contractual cash flows			
			Within 12 months	1-2 years	2-5 years	More than 5 years
Non-derivative financial liabilities						
Trade payables	409,100	409,100	409,100	-	-	-

## Peninsula Investment Management Company Limited

for the year ended 31 March 2020

(Amount in INR)

#### 26 Financial instruments – Fair values and risk management (Continued)

##### C. Financial risk management (Continued)

###### iv. Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. The Company does not have exposure to market risk and therefore, the changes in market risk will not impact profit or loss.

###### v. Currency risk

The functional currency of the Company is Indian Rupee. The Company does not have exposure to currency risk and therefore, the changes in currency risk will not impact profit or loss.

## Peninsula Investment Management Company Limited

### Notes to standalone financial statements (Continued)

for the year ended 31 March 2020

(Amount in INR)

#### 26 Financial instruments – Fair values and risk management(Continued)

##### C. Financial risk management (Continued)

###### Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

###### Exposure to interest rate risk

The Company does not have exposure in investment in fixed or floating rate instrument, hence the interest risk will not have impact on the profit and loss account.

The Company does not have any additional impact on equity other than the impact on retained earnings.

# Peninsula Investment Management Company Limited

## Notes to the standalone financial statements (Continued)

for the year ended 31 March 2020

(Amount in INR)

### 27. Contingent Liability and capital commitment

The contingent liability and commitment of the Company are as follows:

Particulars	31 March 2020	31 March 2019
Unpaid capital call in relation to investment in fund	702,000	702,000
Dividend distribution tax on preference shares	2,051,168	2,051,168

The Company has assessed its obligations arising in the normal course of business, including pending litigations, proceedings pending with tax authorities and other contracts including derivative and long term contracts. Based on such assessment, the Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial statements.

### 28. Due to Micro and small suppliers

	31 March 2020	31 March 2019
The amounts remaining unpaid to micro and small suppliers as at the end of the year		
- Principal	2,72,813	1,90,680
- Interest	-	-
The amount of interest paid by the buyer as per the Micro Small and Medium Enterprises Development Act, 2006 (MSMED Act, 2006)	-	-
The amounts of the payments made to micro and small suppliers beyond the appointed day during each accounting year	-	-
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under MSMED Act, 2006	-	-
The amount of interest accrued and remaining unpaid at the end of each accounting year	-	-
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under the MSMED Act, 2006	-	-

The above information regarding micro, small and medium enterprises has been determined to the extent such parties have been identified on the basis of information available with the Company. This has been relied upon by the statutory auditors of the Company.
