3.	Mr. Mahesh S. Gupta- Group Managing Director	5 years	25 <sup>th</sup> October, 2015

The Company has been making consistent adequate profits untill financial year 2013-14 but the prolonged slowdown in the economic activity, weak consumer sentiments, high interest rate, slump in the real estate sector coupled with the poor liquidity conditions and the applicability of the Guidance Note on Recognition of Revenue by Real Estate Developers, which links the revenue recognition based on reaching the specified percentage of incurring development and construction cost and specified percentage of actual sales compared to total saleable area of the project, has resulted in a considerable decline in the revenue and profits of the company from 01/04/2013 onwards since most of the Company projects are yet to reach the minimum milestone percentage . The Company has been making necessary efforts to improve its performance and has been aggressively pursuing and implementing its strategies, including launch of new projects and cost reduction initiatives. The results of these initiatives are likely to be felt in the coming years.

**I. GENERAL INFORMATION:**

**(1) Nature of Industry:**

The Company operates in Real Estate Sector. All four key segments of Real estate sector viz. Residential, Commercial, Retail and Hospitality have witnessed subdued growth during the financial year 2013-14. The demand has been impacted by a slew of factors including restrained spending by corporate and individual buyers, high inflation, squeeze of liquidity, high borrowing cost and tightening lending norms. The demand was further dampened by sharp depreciation of the currency that impacted operating cash flows and also strained the balance sheets of real estate companies with dollar funding. Overall, buyers and investors maintained cautious outlook due to macroeconomic and policy uncertainties.

Real estate sector is one of the few sectors that has strong dependency with both domestic and global economy. Prolonged recession coupled with lack of directions in the global economy during the last couple of years impacted foreign fund flows into Indian real estate sector.

**(1) Reasons of loss or inadequate profits:**

The real estate sector depends largely on regulatory approvals which are constantly undergoing changes and various amendments are being brought out in law, which puts this sector under constant compliance pressure.

The prolonged slowdown in the economic activity, weak consumer sentiments, high interest rate, slump in the real estate sector coupled with the poor liquidity conditions and the applicability of the Guidance Note on Recognition of Revenue by Real Estate Developers, which links the revenue recognition based on reaching the specified percentage of incurring development and construction cost and specified percentage of actual sales compared to total saleable area of the project, has resulted in a considerable decline in the revenue / profits of the company from 01/04/2013 onwards since most of the Company projects are yet to reach the minimum milestone percentage.
